

## Papillon Grand Canyon Helicopters names Amazing Las Vegas Media Group as its primary Web Developer.

Looking for a solution to their growing Internet needs, Papillon Helicopters has named Amazing Las Vegas Media Group as its primary Web content developer for their highly successful Papillon.com web site. "No details about the project can be released at this time, the fact that Papillon's expanding market requires a new web presence will reflect the direction in which the Las Vegas travel industry is evolving. Several critical elements have been analyzed and will direct the scope of the project. These solutions will be integrated into the new design to enhance useabilty as well as the users' experience which will aid Papillon in further growth."
